CORPORATE SOCIAL RESPONSIBILITY PROJECT

PHILOSOPHY

IDEX Foundation India, truly believes in and is committed to community development where we live and operate. To achieve this noble mission IDEX Foundation India focuses on Community advancement initiatives through Education for Children and Skill Development of Women in our community. Our aim is to unleash their hidden potential, and to help them to accommodate their need of self-dependence and with it the overall community advancement. This is the holistic vision of IDEX India Foundation. We are accomplishing these objectives by providing funding assistance, infrastructural support and our employees engagement to the mission.

CORPORATE SOCIAL RESPONSIBILITY- MAKING A DIFFERENCE TO OUR COMMUNITY BY SHOWING WE CARE

Our major work areas include promoting education, spreading diversity and enhancing employment vocation skills, especially among children and women. We at IDEX believe corporate social responsibility (CSR) is a critical mission. IDEX Foundation India is committed to integrating environmental, social and ethical principles into the core business, thereby enhancing long-term stakeholder value and touching the lives of the world. We cater to sustainable development principles and implement the same in partnership with Alindra village school and other relevant stakeholders

OBJECTIVES

The specific objectives of the IDEX Foundation India are to pursue the activities identified under Section 135 and Schedule VII of the Companies Act, 2013, as well as other notifications issued by the Government of India in this regard. Initially, IDEX Foundation India will focus on the following areas:

- **Education**

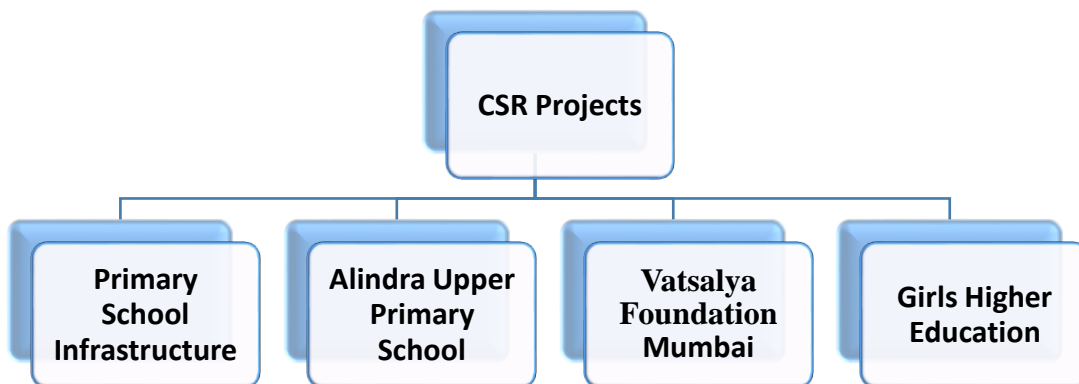

Promoting education, including special education and employment enhancing vocational skills especially among children, women, elderly and the differently abled and livelihood enhancement projects; Contributions or fund provided to technology incubators located within academic institutions which are approved by the Central Government;

MODEL SCHOOL

One of our unique initiatives is to develop model School. Making of a model School involves ensuring self-reliance in all aspects viz. Education of children & child health care, Infrastructure, working towards sustainable children educations. Fundamentally, ensuring that development reaches to each and every children of village also provide higher education for the children in same village.

WHAT WE DO

IDEX Foundation India Projects

ACTIVITIES UNDER CORPORATE SOCIAL RESPONSIBILITY

ADOPTED ALINDRA VILLAGE COMMUNITY EDUCATIONAL GROWTH

With vision to enrich community education where we work & operate, IDEX India foundation has chosen to adopt Alindra Village School Children. Alindra Village Primary School is located 1.5 km away from IDEX India Savli Site and only base to these community children for their education needs with limited resources available found during assessment by IDEX Foundation India Team. Hence, to fulfil this community resource gap IDEX India Foundation has taken this assignment as long-term commitment to take charge of these school's children by start from providing them right infrastructure, all required utility tools & learning tools to enhance their learning advancement till they achieve their educational superior stage.

EDUCATION NEEDS SUPPORT & RIGHT INFRASTRUCTURE

IDEX INDIA Foundation has distributed to Alindra Village School Students.

- School Uniforms
- Writing Wooden Desks
- School Bags
- Writing Materials & Notebooks
- RO Water System
- Transportation
- Technology (Computers, Projector)

BUILT LUNCH ROOM FOR ALINDRA PRIMARY SCHOOL CHILDREN

During needs assessment of Alindra Village School, IDEX India foundation found need of having well equipped lunch room, as due to lack of lunch room in school, children were having lunch in classrooms and they were facing hygiene issues at the same time. To fulfil this need, IDEX India foundation built Lunch room with all utility equipment like Lunch sitting benches, cooking materials, lunch dishes & painted pictures in Lunch room to make if Children friendly room to enjoy their Lunch.

SPONSORING CERTIFIED EDUCATION TO COMMUNITY FEMALES & CREATING EMPLOYMENT OPPORTUNITY

With an ambition to provide and support all educational flair to local community where we operate and to promote diversity initiatives in local community, IDEX India Foundation sponsored 20 females of around community for Certified Course of Industrial Training Institute (ITI) FITTER Batch.

ALINDRA UPPER PRIMARY SCHOOL

During the education assessment, IDEX found that the level of education in Alindra village is low as only 1st to 5th standard school is available in the village. There is no school beyond 5th standard and students have to go outside the village to get education. And since their family's financial condition is not good, they cannot go out for further education.

Alindra Upper Primary School was established by IDEX Foundation India to provide quality of education to children. All kinds of facilities like school uniforms, writing wooden desks, school bags, writing materials and notebooks, RO water system, transportation, technology (computers, projectors) are provided for the students to get good education. IDEX Foundation India is doing its best to ensure that students are not deprived of education due to lack of resources. IDEX Foundation India aims to provide quality education to the children of Alindra village and make their future bright.

TABLETS PROVIDED TO SCHOOL STUDENTS DURING COVID-19

COVID-19 had impacted the education sector and schools had to be closed, IDEX Foundation India took a great initiative to provide tablets to school children. In this initiative, we distributed 125 tablets to students of classes 6th to 8th at Alindra village school.

WE PROVIDED SUPPORT TO GIRLS FOR HIGHER EDUCATION

Education is very important for the growth of India . To make equal education for girls and boys is also essential. In Alindra upper primary school which runs till std 8th. To continue the education even after std. 8th was becoming difficult for girls. It is due to many issues like no transportation available, no safety available for girls, less awareness of education etc. To support this thought, IDEX foundation is doing the needful to continue the girls education. The girls living near Alindra village along with Alindra village girls are provided with transportation facility. This way transportation issue was resolved. A female driver is also present in the bus so the safety measures are also taken.

IDEX has even supported in giving admission to girls in Shri Guru Mukut Ramji High School, Manjusar. This school is a government school. This school has good technology exposure environment. There are smart classroom with qualified teacher's Staff. This is the good practice done by IDEX Foundation India for providing transportation to girls which will enable them to take higher education and be at a good position in any company. This increases the chances of earning and support their family.

PARTNERED UP WITH VATSALYA FOUNDATION (MUMBAI) FOR THEIR BALIKASHRAM PROJECT

IDEX Foundation India recently (Dec 2022) partnered up with Vatsalya Foundation (Mumbai) for their Balikashram (home for girls) project. The main aim for this collaboration was to give these orphan, destitute children a shot at the real world. The project we have partnered for focuses on education of these girls. The motive is simple - Making these girls self-sufficient so they can succeed in life and be independent.

Till date, IDEX has contributed 12L for aiding these girls. This money helped a girl go for further studies and is helping the rest of the kids in school. IDEX plans to support these girls in their schooling and further studies. Our very first event with the kids was a Christmas celebration wherein our employees got to meet these kids and create an impact in their lives.

DENTAL CHECKUP

IDEX Foundation India organized a dental checkup at Alindra Primary and Upper Primary School. The aim of the camp was to check, regulate and maintain the dental wellness of the students and spread awareness regarding dental health and hygiene. Following the motto "prevention is better than cure," the teachers and medical instructors told the students to follow a schedule that keeps them fit orally and what sort of food provides better health.

SUPPORT OXYGEN CONCENTRATORS AT SSG HOSPITAL VADODARA

When so many people were dying of COVID-19 because of lack of oxygen, IDEX Foundation India felt the need to do something. Our IDEX teams in India, China and the United States quickly organized to source and supply oxygen concentrators to the government hospital in Vadodara, where poor and helpless people could be saved.

Seventy five hospital grade oxygen concentrators were purchased with \$100,000 in support from the IDEX Foundation India. IDEX Foundation India put forth their helping hands by donating oxygen concentrators to SSG hospital Vadodara.
